### 8. OPRC

a) GCFR - reports/ sponsorship

Event went well with 14 cars. Steward is working on the report. 2 Cars

rolled over and were inspected by the scrutineer before leaving event. Both cars had roll cage stickers were removed and are to be re-inspected before

they may run again..

b) DEFI - reports

Event was run very well had lots of attrition. Major rain during reece that was washing the roads away. Road was fixed by the township before the start of the event.

c) BBR 2005 Road Damage Concerns - Ryan H. John Vanos

MLRC is hoping the run multiple road event in 2005. MNR potentially fixing road that could open multiple road opportunity. Road Damage levy income may not be enough to cover preparing the roads.

RSO is willing to support having a full regional event.

d) Tall Pines Update

Work day is Saturday, October 16, 2004. Registration is open and accepting entries.

Iron Bridge is back.

e) Testing at OPRC Events

Current rules do not allow a competitor to test at regional events.

However, RSO believes that this is an opportunity for more competitors to enter regional events. The board will review the options with the CARS rulebook for testing at regional events.

f) Stewards - appointment and expenses

RSO appoints stewards for OPRC events not the event. Defi did not request an RSO steward. RSO will not pay for steward bills when they did not appoint the steward. Discussion regarding expenses submitted by a Steward who was not appointed by RSO.

g) Planning for future growth

Schedule separate meeting/workshop to plan for any club to discuss OPRC and the future. Ross will schedule it after Pines

h) Marshall Training

Martin Loverage & Rich Sullivan put on marshall training that was held prior to Galway . Excellent event and booklet. Minor revisions will be made before further distribution.

9. ORRC

a) Rideau Run - report

9 cars, 6 novice, 1 intermediate and 2 expert.

Turn out was low

b) Maple Leaf Madness - report

8 cares, 4 novice, 3 intermediate and 1 expert.

Great event. Low turn out

c) ORRC Reports - Paul H.

Automapic - 7 beginners took less than 7 minutes in penalties. Instructions appropriate to class. Excellent event.

Maple Leaf Madness - incorrect waiver was originally used and was corrected before the event. Waiver was copied on back of registration form works well. Confusion over checkpoint times for marshalls .

Blossom - all documentation was correct,

d)

#### Appendix B - KWRC Report

We've had a reasonable turnout at our ORRC events, 18-25 CARS. Our next rally is Northern Lights on Oct. 16 which now conflicts with the Pines work day. This is unfortunate, as many of the performance rally workers are road rally competitors and checkpoints. MLRC's rallycross on the 17'th may have some small knock-on effect as well.

Northern Lights is on track and has been Green Crewed.

We've had good turnout at the Ontario performance rallies, typically making up a third of the field. We usually supply one third to one half of the workers an OPRC event needs. At Black Bear KWRC members were: Clerk of the course, Registrar, Scorer. Steward, Scrutineer, Re-Seed and 11 other workers.

We held a worker training session in conjunction with GCFR, a separate report is to be submitted.

The next KWRC meeting is Oct. 14.

Martin Loveridge  
President KWRC
