

Lanark Highlands  
Forest Rally

## **COMPETITOR BULLETIN #3 – April 22, 2019**

### **EZTrack Tracking Power Source**

Held under the Rally General Competition Rules of CARS

As indicated in the supplemental regulations each competition vehicle will be required to have a constant power and a suitable ground lead located within 36 inches of the co-driver area keeping in mind that the co-driver must be able to access the unit when belted in.

No connector is necessary as the EZtrack team will provide you with a connector at the time of the install.
